

let's talk about drugs

**supporting school communities
in addressing substance use
with their students**

Working collaboratively with school district staff, Island Health Discovery Youth and Family Services and Centre for Addictions and Research BC will support participants to:

- ♦ enhance foundational knowledge of substance use in today's landscape
- ♦ reflect on current practices and identify opportunities for strengthening an evidence-based approach to supporting students
- ♦ build strengths and capacity to engage students in substance use dialogue and action planning

Audience

- ♦ SD 61, 62, 63 Middle and Secondary Administrators, School Counsellors, Child and Youth Family Counsellors
- ♦ Island Health, Healthy Schools Team
- ♦ Police Representatives
